The Library Project: Chapter 1 Comes to an End ... With a Bang!

Last month, the library hosted its Certificate of Completion event at the 4.5 acre site of the planned new library and resource center. Our celebration, made possible by event sponsors Alexander Design Studio, Snyder Environmental Services, Inc., and Triad Engineering, Inc., marked a successful end to this important first chapter of our ambitious project. Our event was open to the public, and we were pleased to welcome so many special guests and library supporters! Says Library Director Hali Taylor, "It was a wonderful celebration of the end of one phase and the beginning of the next! It was truly exciting to be able to share our success with the community. Very appropriate for a beautiful spring day."

Another reason to celebrate, ownership of the site was officially transferred to the Library's Board of Trustees in March.

Chapter 2 is in progress ... stay tuned ...
